1. Awareness Program on Rights and Duties

Name of the activity	: Awareness program on rights and duties
Venue for the activity	: Avanathi Institute of Engineering & Technology (seminar hall)
Audience/Group presents	: B Tech 2 yr ECE Students
Chief guest/guests present	: D Srinivas Rao, M. Com (Avanathi Degree college lecturer)
No. of students present	: 50

Introduction:

On June 10, 2021, an awareness program on the rights and duties of Indian citizens was conducted at Avanathi Institute of Engineering and Technology by Mr. D Srinivas Rao, M. Com. The program was organized for 50 B Tech 2 yr. ECE Students to educate them about their rights and responsibilities as citizens of India.

Objective:

The objective of the program was to create awareness among the B Tech 2 yr ECE Students about their rights and duties as citizens of India. It aimed to provide them with the necessary knowledge and skills to exercise their rights responsibly and fulfill their duties towards the nation.

Program Content:

D Srinivas Rao, M. Com, an expert on citizen's rights and duties, delivered the program. He started the program by discussing the fundamental rights enshrined in the Indian Constitution. He explained the importance of each right and how they empower citizens to lead a dignified life.

He then discussed the fundamental duties of Indian citizens, such as respecting the national flag and the Constitution, promoting harmony and the spirit of common brotherhood, and

www.aietta.ac.in, principal@aietta.ac.in

defending the country. He emphasized that fulfilling our duties is as important as exercising our rights, and it is the responsibility of every citizen to contribute to the development of the nation.

In the second half of the program, Mr. D Srinivas Rao, M. Com discussed the legal framework that protects citizens' rights in India. He talked about the role of the judiciary and the various laws that protect citizens from discrimination and ensure equal rights and opportunities for all.

He also discussed some of the challenges that citizens face in exercising their rights, such as corruption, red-tapism, and lack of awareness. He encouraged the B Tech 2nd year ECE Students to take an active part in social and political activities and use their knowledge and skills to bring about positive change in society.

Conclusion:

The awareness program on the rights and duties of Indian citizens conducted at Avanthi Institute of Engineering and Technology by Mr. D Srinivas Rao, M. Com was informative and inspiring. The program provided the B Tech 2nd year ECE Students with a comprehensive understanding of their rights and duties as citizens of India and encouraged them to become responsible and active citizens.

The program helped the students realize the importance of exercising their rights responsibly and contributing to the development of the nation. The program was a great success, and the MBA students left with a newfound sense of responsibility and a commitment to making a positive difference in society.

2.Awareness Program on Disha Act

Name of the activity	:	Awareness program on Disha act during women's day
Venue for the activity	:	Avanthi Institute of Engineering & Technology (seminar hall)
Students presents	:	3 rd B.Tech Students
Chief guest/guests present	:	Dr.Sudha Padmasri
No. of Student present	:	60

Report on Awareness Program on Disha Act conducted at Avanthi Institute of Engineering and Technology by **Dr.Sudha Padmasri** for students on 8 mar 2021

Introduction:

An awareness program on Disha Act was conducted by **Dr.Sudha Padmasri** at Avanthi Institute of Engineering and Technology for students on 8 mar 2021. The objective of the program was to create awareness among the students about the Disha Act and its significance in curbing crimes against women.

Overview of the Program:

The program started with **Dr.Sudha Padmasri** providing an overview of the Disha Act and its salient features. He explained that the Disha Act was enacted in 2019 by the Andhra Pradesh government to provide speedy justice to victims of sexual offenses, particularly rape, and murder. He further elaborated on the key provisions of the act, including the provision of completing the investigation and trial within 21 and 14 working days, respectively.

Dr.Sudha Padmasri also highlighted the importance of the act in creating a safe environment for women and reducing the incidence of sexual offenses. He emphasized that the act was not just a legal framework but a social movement that required the support of all stakeholders.

www.aietta.ac.in, principal@aietta.ac.in

Interactive Session:

After the presentation, an interactive session was conducted, where students could ask questions and clarify their doubts. Students were keen on knowing the steps to be taken in case of an emergency, the role of the police in implementing the act, and the punishment for offenders.

Dr.Sudha Padmasri patiently answered all the queries, and the students were satisfied with the responses. He also advised students to be cautious and vigilant while traveling alone and to be aware of their surroundings.

Conclusion:

In conclusion, the awareness program on Disha Act conducted by **Dr.Sudha Padmasri** was a success. The program provided the students with valuable insights into the Disha Act and its significance in curbing crimes against women. The interactive session allowed the students to clarify their doubts and gain a better understanding of the act. Overall, the program was informative and useful in creating awareness about the Disha Act.

The Chief Guest, **Dr.Sudha Padmasri**, addresses the gathering on the occasion of International Women's Day at AIET and creating awareness on Disa Act.

3. Seminar on Human Rights

Name of the activity	: Seminar on human rights
Venue for the activity	: Avanathi Institute of Engineering & Technology (seminar hall)
Students presents	: 3 rd B.Tech Students
Chief guest/guests present	: Prof. Y Satyanarayana, former Vice Chancellor of Dhamodharam Sanjivayya National Law University (DSNLU)
No. of Students present	: 70

Introduction:

On 10th December 2021, a seminar on Human Rights was conducted by Professor Y Satyanarayana, former Vice Chancellor of Dhamodharam Sanjivayya National Law University (DSNLU), at Avanathi Institute of Engineering and Technology. The seminar aimed to turn 50 MBA students into responsible citizens by creating awareness about human rights.

Seminar Content:

Professor Y Satyanarayana began the seminar by explaining the concept of human rights and their importance in society. He emphasized that every human being has certain inalienable rights and freedoms that must be protected and respected by law. He explained that human rights are not just a legal concept, but a moral and ethical one as well.

The professor then went on to discuss the Universal Declaration of Human Rights, which was adopted by the United Nations General Assembly in 1948. He highlighted the various articles of the declaration, such as the right to life, liberty, and security of person, the right to education, and the right to freedom of thought, conscience, and religion. He explained that these rights are fundamental to human dignity and must be protected at all costs.

Furthermore, Professor Y Satyanarayana discussed various human rights violations that occur around the world. He highlighted the importance of creating awareness about such violations

and working towards their prevention. He stressed that each individual has a responsibility to uphold human rights, and that it is not just the responsibility of governments and international organizations.

The seminar also included a question-and-answer session, where students were encouraged to ask questions and express their views on human rights. The professor provided insightful answers and encouraged students to actively participate in creating awareness about human rights.

Conclusion:

The seminar on human rights conducted by Professor Y Satyanarayana at Avanthi Institute of Engineering and Technology was a valuable learning experience for the students who attended. The seminar emphasized the importance of human rights in society and the role of individuals in upholding them. It provided a platform for students to learn, discuss and express their views on human rights, and turned them into more responsible and aware citizens.

4. Personality Development Session

Name of the activity	:	Personality development session
Venue for the activity	:	Avanthi Institute of Engineering & Technology (seminar hall)
Audience/Group presents	:	3 rd B.Tech Students
Chief guest/guests present	:	Mr.Venu Kalyan
No.of Volunteers present	:	90

Report on Personality Development Session conducted at Avanthi Institute of Engineering and Technology by Mr.Venu Kalyan Students on 24 Sep 2021

Introduction:

On 24 Sep 2021, a Personality Development session was conducted by Mr. Venu Kalyan at Avanthi Institute of Engineering and Technology for students. The session aimed to help students develop a positive personality and to enhance their communication skills, self-confidence, and leadership skills.

Session Highlights:

The session was conducted in a highly interactive and engaging manner. Mr. Venu Kalyan began the session by introducing himself and explaining the importance of personality development in the present-day competitive world. He then shared a few anecdotes and real-life examples to emphasize the significance of developing a positive personality.

The session was structured into various segments, each focusing on a specific aspect of personality development. Some of the key areas covered in the session included:

1. Communication Skills: Mr. Venu Kalyan stressed the importance of effective communication skills and shared tips on how to improve them. He encouraged students to be confident and articulate while communicating and to be mindful of their body language.

2. Self-Confidence: The session also focused on building self-confidence. Mr. Venu Kalyan emphasized the need to believe in oneself and shared various techniques to boost self-confidence.

3. Leadership Skills: The session also emphasized the importance of leadership skills in the present-day corporate world. Mr. Venu Kalyan shared some examples of successful leaders and their qualities that made them successful.

4. Positive Attitude: The session also highlighted the importance of having a positive attitude towards life. Mr. Venu Kalyan emphasized the need to stay positive and optimistic even during challenging times.

Conclusion:

Overall, the Personality Development session conducted by Mr. Venu Kalyan at Avanthi Institute of Engineering and Technology was highly informative and engaging. The session provided students with valuable insights on developing a positive personality, improving communication skills, and enhancing leadership qualities. The interactive and participatory nature of the session ensured that students remained engaged throughout and gained practical knowledge that they can apply in their personal and professional lives.

5. Swachh Campus Program

Name of the activity	:	Swachh campus program
Venue for the activity	:	Avanthi Institute of Engineering & Technology (seminar hall)
Students presents	:	3 rd B tech Students
Organizer	:	Mr. SK Sharief
No. of Volunteers present	:	40

Introduction:

The Swachh Campus program conducted by students at Avanthi Institute of Engineering and Technology on 13 Aug, 2021, was aimed at creating awareness among students about cleanliness and how to be responsible citizens.

Objectives:

The primary objective of the Swachh Campus program was to educate students about the importance of cleanliness and personal hygiene. It aimed to encourage students to take responsibility for their actions and become more conscious of the environment they live in. The program also aimed to promote the concept of cleanliness as a way of life and the benefits it brings to individuals and society as a whole.

Activities:

The Swachh Campus program was conducted in a two-hour session. It included a presentation by Mr. SK Sharief, followed by interactive sessions with the students. During the presentation, Mr. SK Sharief discussed the importance of cleanliness, the impact of littering, and ways to maintain a clean and healthy environment. He also emphasized the role of individuals in creating a cleaner and greener community.

After the presentation, the students were divided into groups and taken on a campus tour to identify areas that needed cleaning. They were provided with gloves and garbage bags and were asked to collect litter and dispose of it responsibly. The students actively participated in the activity and showed enthusiasm in making the campus cleaner.

Outcome:

The Swachh Campus program was a success as it achieved its objectives of creating awareness about cleanliness and personal hygiene. The interactive session and campus tour helped students understand the impact of their actions on the environment and how to take responsibility for their actions. The students were also able to identify areas that needed cleaning and contributed to making the campus cleaner.

Conclusion:

The Swachh Campus program conducted by students at Avanathi Institute of Engineering and Technology on June 10, 2021, was a positive step towards creating awareness about cleanliness and personal hygiene. The program was successful in educating students about the impact of their actions on the environment and encouraging them to take responsibility for their actions. The program has helped to turn the students into responsible citizens who understand the importance of maintaining a clean and healthy environment.

6. Blood Donation Program

Name of the activity	: Blood donation program
Venue for the activity	: Avanathi Institute of Engineering & Technology (seminar hall)
Students presents	: 3 rd B Tech Students
Blood bank	: Rotary Blood Bank
No. of Volunteers present	: 30

Introduction:

On June 10th, 2021, a blood donation program was organized at Avanathi Institute of Engineering and Technology, aiming to turn students into responsible citizens. The program was conducted with the help of a team of medical professionals from the Rotary Blood Bank, who provided the necessary facilities and equipment for the donation process.

Objective:

The primary objective of this program was to encourage and educate students on the importance of blood donation and the impact it can have on society. Through this program, the students were expected to understand the need for donating blood and how it can save lives. The involvement of the Rotary Blood Bank was to ensure that the collected blood would be used effectively and reach those in need.

Activities:

The blood donation program started with a brief introduction by Dr. SNV Ganesh, principal AIET, who explained the significance of the event and the importance of blood donation. Following this, the medical team from the Rotary Blood Bank provided a comprehensive explanation of the donation process, including the safety measures taken to ensure a hygienic and safe environment.

NAAC "B++" Accredited Institute

Cherukupally (Village), Near Tagarapuvalasa Bridge, Bhogapuram (Mandal), Vizianagaram -531162.

www.aietta.ac.in, principal@aietta.ac.in

The students were then taken through a health check-up to ensure their eligibility for donation. The process included a physical examination, hemoglobin testing, and a blood pressure check.

Once cleared, the students were then escorted to the donation room, where the medical team collected their blood. The process was seamless, and the Rotary Blood Bank ensured that the students were comfortable throughout the process.

Outcome:

The blood donation program was a success, with 30 students donating blood. The collected blood was then transferred to the Rotary Blood Bank, where it was tested, processed, and stored for future use.

Through this program, the students not only learned the importance of donating blood, but they also understood the significance of taking responsibility for their actions and contributing to society. The involvement of the Rotary Blood Bank ensured that the collected blood was used effectively and reached those in need.

Conclusion:

In conclusion, the blood donation program conducted at Avanthi Institute of Engineering and Technology was a significant success. The program provided the students with an opportunity to turn into responsible citizens and to contribute to society in a meaningful way. The involvement of the Rotary Blood Bank was crucial in ensuring that the collected blood was used effectively and reached those in need. Such initiatives are crucial in instilling values and creating a sense of social responsibility among students.
